

# Schedules, Results & Standings

CMS offer a standalone results and standings module which can be easily integrated to your existing website.

## Simple to Set up

- Simple schedule set-up and adjustment
- Use pre-set schedule format or set-up global schedule formats based on individual Club preferences.
- All events can be adjusted for re-scheduling, field changes etc.. which will immediately update all online schedules for public view
- Global configuration ability allowing for flexible and self managed Club needs
- Show Team colours and Sponsors
- Links to Field Maps

## Multiple Levels of Results Update

Depending on each organization's needs, results can be securely updated at multiple levels:

- Admin - master
- Convener
- Coach
- Referee

## Easy to Read Standings

- Dynamically updated League standings, as CMS is web based, results and standings are displayed immediately on submission
- Link from each team name to review current team data.
- Game Report, including scorers and game info for general use or press release.
- Allows for forfeit game results

## Web Integration

- Seamless integration to existing website
- Complete template driven web solution available complete with Standings Module as required.
- Seamless integration to Referee Scheduling module
